機設處李萬億工程師自民國83年到局服務迄今，李君為人謙和，工作積極，實事求是，進入捷運團隊之前在業界即有豐富經驗，不論各式材料的機械加工與設備安裝等，屢屢皆能為本局善盡把關職責，並贏得各級長官、同仁與施工廠商一致敬重。

李君擔任本局各線機廠維修設備設施之規劃及設計，自路線規劃可行性報告階段即參與作業，直至土建基本設計及細設標之界面審視等亦全程參與，另擔任機廠規劃、技術規範撰寫、設計預算編製、設計審查及系統測試等工作。由於捷運機廠之規劃涉及機電與土建、機電與機電間以及與營運維修界面等，相關界面整合複雜，除需經驗累積外皆須全力投入，始能作週延之規劃設計，多年來李君之敬業及專業成為處內同仁標竿及機廠規設重要支柱。李君二十幾年來對於技術與契約的堅持，確保了本局契約上的權益，亦保障了捷運公司對於設備高品質之操作使用需求，如今榮獲本年度臺北市政府「廉能楷模」，我們恭喜他。

Engineer Li Wan-yi Awarded 2018 Taipei City Government Model Integrity

Engineer Li Wan-yi is modest, works actively, and seeks truth from facts. Before joining the MRT team, he has had abundant experience in the construction field, and with approximately 25 years of service experience at DORTS, he has well fulfilled his duties and has won the unanimous respect from officials, colleagues, and construction companies at all levels. Furthermore, his insistence in the technology and contract management has ensured the interests of DORTS and has guaranteed the high-quality requirements for equipment operation. His being awarded the "Taipei City Government Model Integrity" is well-deserved, and we congratulate him.
