

第二區工程處技工晏蓬華當選113年本府優秀工友

文圖/江寶雲

自82年初服務於本局第二區工程處迄今約30年餘的晏蓬華，職司本局第二區工程處松山辦公大樓設施巡檢，工作之餘自我不斷學習，取得冷凍空調丙級技術士和室內配線丙級技術士證照，考績連續近5年以上皆獲評甲等，此次榮獲本府優秀工友，可說是實至名歸。

晏員負責二工處松山大樓電梯、空調、監視系統等設施管理、大樓建築修繕，消防檢查、改善及建築物公共安全維護，與大樓機電設備之巡查等，表現認真優秀，績效良好，包括主動積極巡查大樓，排除設備異常13次，維護辦公環境安全、自行辦理辦公大樓修繕，節省新臺幣11萬多元，以及響應節能政策，辦公大樓112年節較去年同期節電績效減少1萬度以上。

第二區工程處松山辦公大樓為地下3層、地上12層，總面積2,837坪，晏員每日6點30分左右到班後即巡查地下室與頂樓大樓機電設施，利用辦公大樓智慧監控系統監控空調、電梯與消防等設施，發現設備異常後迅速查明原因排除問題，可在最短時間內恢復功能，延長設備壽命。另該樓為103年完工，各項設備逐年老舊，近年物價及工資齊漲，與人工匱乏條件下，致廠商對小型修繕工程承攬意願不高，晏員主動請纓採購相關材料，週邊人行道地面（磚）、大樓車道、辦公區域滲水維修等共多項皆自行修繕，節省公帑。

為響應節能減碳政策，晏員利用電腦設定空調設備自動開關及送風時間，上班不定時巡檢並關閉不必要開關，又於下班前至各樓層巡查照明與空調是否關閉等，使辦公大樓使用電量逐年下降。以112年與前一年度同期相比，節電績效減少1萬度以上，為愛護地球盡一份心力。

晏員對工作的熱忱，克盡職責積極，處置迅速且應變得宜，充分發揮捷運團隊專業及合作精神，整體表現值得肯定，足堪表率。本次當選113年本府優秀工友事蹟，著實可賀，是市府及各級長官對其貢獻之肯定，亦足為基層同仁表率。

蔣市長於本府模範員工表揚典禮中頒獎予本局第二區工程處晏蓬華

2024 Distinguished Maintenance Worker of Taipei City Government: Yan Peng-hua from 2nd DPO

Yan Peng-hua has been working at DORTS Second District Project Office (2nd DPO) since 1993 and is responsible for inspection of facilities at the 2nd DPO Songshan office building where he has effectively saved electricity and money by independently carrying out office building repairs. He has also continuously upskilled outside of work and obtained Class C refrigerating and air-conditioning technician certificate and Class C commercial wiring technician certificate. Mr. Yan is enthusiastic about his work and proactively carries out his duties; moreover, he implements disposals quickly and appropriately to fully realize the professionalism and cooperative spirit of the MRT team. His exemplary performance is well-deserving of recognition, and as a result, he was selected as the 2024 Distinguished Maintenance Worker. He is congratulated for this well-deserved honor which is granted in recognition of contributions to the city government and his role as a positive example for colleagues at the grassroots level.
