## 2024 Role Model of Anti-corruption: Systemwide E&M Project Office Chief Chang Yu-jia

Systemwide E&M Project Office (SEMPO) Chief Chang Yu-jia is humble, proactive, and has outstanding performance in the workplace, and he has therefore been given the honor of the prestigious title of the 2024 Role Model of Anti-corruption. All of the colleagues at DORTS shared in this honor, and in addition to thanking the Taipei City Government for this recognition, Chief Chang also expressed his sincere gratitude to the Commissioner, the officers at all levels, and his colleagues for their support and assistance along the way in enabling him to complete each mission. He also stated that this will simultaneously motivate the outstanding colleagues at DORTS to be proactive as well as encourage more junior employees to take on responsibilities and actively take part in major national engineering projects.
