We would like to express our appreciation towards the station master, Mr. Lin (副站長林敬翔), at Taipei Metro's Beimen Station! His explanation was excellent!

*It was easy to find the Taoyuan Metro's Lost & Found center, and fortunately I got my iPhone back yesterday. Thank you so much!

My friends and I are from Thailand. Your public transportation system represents the city's high degree of development. We were very impressed and enjoyed every single moment in your country!

I'm from the Philippines. This is my first time visiting Taiwan. We got lost, and a staff member at MRT Station R20 helped us. He was very accommodating! Your system is very good, clean, and not smelly. It's a 5-star MRT! I hope there will be a comparable system in the Philippines one day. Thank you!

Mr. Zhang, the station master of Dazhi Station, was extremely helpful! My grandmother got lost during our trip, but Mr. Zhang managed (副站長張展瑜) to find her and did his utmost to contact us. I cannot imagine what would have happened if he hadn't found my grandmother. Thank you very much for everything you've done. I really appreciate your great help. All Metro staff have been really friendly too. I really love it here!

I was travelling with my daughter in a stroller when I became separated from my mother at a station. My mother does not speak or understand Mandarin very well. Fortunately, the very nice Metro staff helped contact Daan Station, and even called out for my mother over the public announcement system. We were so grateful for the help we received. Please keep up the good work for all those who need help like us. These may be small deeds to you but they meant a lot to us. Thank you! (相關人員:副站長林侑寰、林柏蒼)

We would like to thank the lovely female staff (站長洪慧玲) at Metro Guting Station for helping us on 29 December.

She was very kind and patient as she introduced the different types of IC cards to us. Because of her assistance, we opted for the EasyCard, which turned out really convenient and helpful during our trip. We were also really amazed how clean the stations and trains were. Nash & Nicok
