

大事不妙啦~~
我們家失火了！

今天的天氣
好像特別熱…

1

Tiger: Help~ Fire! The forest got fire~

Orangutan: What's happened, tiger?

2

Orangutan: What?! My house is burning! Who did this!?

Tiger: I heard that the human set the fire on purpose.

這樣我才能種
油棕養家活口...
油棕之後可以
做成棕櫚油。

對不起...
我也是
逼不得已

找到你了！
果然是人類，太惡了！
為什麼要放火燒森林？

3

Orangutan: Hey, why do you burn the rainforest?

Human: I am sorry but I need more farmland for planting oil palms.

《閱讀更多》
Read more

但是你燒掉很大一片森林耶。
棕櫚油也太破壞環境了吧！
你不能改種其他植物嗎？

可是其他的植物做成油
效率都比較低…

如果我改種椰子，反而會
需要四到十倍的土地，
才能製造等量的植物油…

4

Orangutan: What? you are destroying my home now just for cheap palm oil!!!

Human: Oil palms grow fast and harvest efficiently. Palm oil is the most commonly produced vegetable oil.

而且它又無色無味，
也就不會影響食物的
顏色還有風味……

其實棕櫚油確實
有一些厲害的優點，
是其他植物油缺少的。
比如說它使產品更
耐放，這樣產品的
保存期限可以拉長。

呃……

5

Human: Palm oil is in nearly everything – it's in close to 50% of the packaged products we find in supermarkets. Its low world market price and good properties to processed foods have led the food industry to use it.

Orangutan: Errrr……

6

Orangutan: But your palm oil is making me homeless and now my family and friends die for this.

Human: I didn't know that... I just wanted my family to stay away from hunger...

Human 2: Wait for a moment. Please don't fight!

所以說，
如果您不確定手中的
棕櫚油商品是否會對
環境造成嚴重破壞！

那不妨參考商品的
友善環境的標章吧？
購買友善雨林的產品，
就是在幫助雨林喔。
